

2019

# ANNUAL REPORT

Mile Bluff Medical Center Foundation fosters charitable giving that supports Mile Bluff Medical Center's vision of providing the community with exceptional, personalized healthcare services.

As a foundation, we support new technologies and state-of-the-art equipment. We also fund education and training for the healthcare professionals who provide care to our friends and neighbors, and we offer support for programs

that improve the health and wellness of the community.

We are deeply grateful for the support of the individuals and businesses that continue to help make this possible. We are very proud that 100 percent of the funds raised through the foundation benefit the services at the medical center as well as the overall health of our surrounding communities.

## A NOTE OF GRATITUDE

We are heading into our 10<sup>th</sup> year as a foundation – a perfect time to reflect on our past challenges and victories. And, since our tenth year happily coincides with the start of 2020, it's also the perfect time to look forward with "20/20 vision."

We hear the phrase 20/20 vision a lot lately.

Everyone loves a good tagline to hang their stories on, and with this particular New Year it seems irresistible for us to equate the start of the year 2020 with the optometrist's declaration of perfect eyesight.

With a call to look forward with sharp focus and perfect clarity I ask myself: What do we need to do to hone the foundation's role and impact on improving the health and wellness of our community and on supporting the medical center?

Historically, the foundation has taken a broad-spectrum approach to supporting the medical center. Whether its reaching out to make an impact department by department, offering continuing education support to our employees, or hosting community health education events, our reach has been varied.

In 2019, we were able to focus on a larger and more universal need of bringing 3D Mammography to our community – a \$465,000 project. Having a specific need for a specific piece of equipment brought us all together in focus.

This is my goal for 2020... that we come together with purpose and clarity.

When we focus on meeting the healthcare needs of our community by providing the greatest health and wellness benefit, we can make a lasting impact on those we love and care for.

Let's keep the 20/20 vision set on a great 2020. Together we have and together we can.

With much appreciation and thanks.

**-Martha Airth-Kindree,**  
Executive Director

# SUPPORTING 3D MAMMOGRAPHY AT MILE BLUFF

This summer, Mile Bluff Medical Center Foundation partnered with the medical center to bring 3D mammography to the community.

Mammography is an important tool for detecting breast cancer at its earliest stage. Studies show that 3D mammography can improve detection of breast cancer in women of all ages, provide clearer images regardless of breast tissue density, and increase early detection of smaller, more invasive cancers. Early detection is critical in the fight against breast cancer.

The cost of 3D mammography equipment is around \$450,000. Projects of this magnitude are made easier when supported by donors who believe in the mission of providing exceptional healthcare at the local level.

A goal was set to raise \$100,000 to offset the costs of the new equipment. While the goal was not fully met, the foundation is pleased to announce that \$61,164 was collected to support the cause.

Whether it was a generous donation from a business or individual, or funds raised from a high school volleyball 'pink night,' or the *Bras for A Cause* initiative, the support of the community was amazing.

Mile Bluff Medical Center Foundation sends a huge "Thank you" to everyone!

The new 3D mammogram machine was up and running by mid-January 2020. Not only is this new equipment better at detecting cancer, it has special patient experience features and has the capabilities to perform new diagnostic services.

Special features of the Senographe Pristina by GE include:

- Pristina Dueta is a patient-assisted compression device that gives you control during your mammogram.
- Curved and padded armrests promote relaxation and decrease muscle tension.
- SensorySuite uses sights, scents and sounds to draw your attention away from the mammogram itself, making it a more pleasant experience.
- Stereotactic biopsies can be performed if a suspicious area is found, taking a sample of breast tissue to be tested for cancer cells.

## Total raised for 3D mammography - \$61,164

Funds raised through events like Bras for a Cause, employee jeans days, purse/ring raffle, bake sale/auction, school & business fundraising events, one time donations, and annual foundation golf outing.

# SCHOLARSHIPS

## CAROL PURVIS EDUCATION FUND SCHOLARSHIPS

**Laura Covelli (Food & Nutrition): \$2,750**

Laura is attending Iowa State University to earn her Masters in Dietetics.

**Stacy Hargrove (Accounting): \$2,650**

Stacy is attending Viterbo University to earn her Bachelor of Business Administration.

**Samantha Hoffmann (Med/Surg): \$250**

Samantha is participating in Juneau County's Advanced Leadership Program (ALP) which is organized by the UW Extension Office.

**Allysa Holzburger (OB): \$500**

Allysa is attending Western Technical College in her pursuit of an Associates Degree in Nursing.

**Stephanie Koppenhafer (Human Resources): \$2,250**

Stephanie is attending Southern New Hampshire University to earn her Bachelor of Science in Business Administration.

**Nikki Levenhagen (Human Resources): \$2,250**

Nikki is attending Louisiana State University - Shreveport to earn her Master of Science in Business Administration.

**Laurie Manthe (Health Information): \$450**

Laurie used her scholarship to obtain her Medical Auditor Certification.

**Rebecca Oetzman (Accounting): \$2,000**

Rebecca graduated from Grand Canyon University with her Master's Degree in Healthcare Administration in April, 2019.

**Morgan Seitz (Lab): \$1,650**

Morgan is pursuing her associate's degree as a medical laboratory technician from Western Technical College.

## NURSES HELPING NURSES TUITION REIMBURSEMENT

**Cathy Jo Berry (Mile Bluff Clinics): \$3,000**

Cathy Jo graduated in May, 2019 with her Bachelor of Science in Nursing from Grand Canyon University.

**Ashley Crum (Surgery): \$1,500**

Ashley is currently attending UW Stevens Point in pursuit of her Bachelor of Science in Nursing.

## CREATING A PLACE OF HEALING TOGETHER: PHASE II

We are happy to announce that Phase II of the healing garden project is complete thanks to the hard work of Mark Schwarz and the crew at Countryside Property Maintenance, LLC.

At the end of May the crew arrived to begin work on the garden located by the surgery department. They reshaped the garden edging, added green space with low-mow grass, a watering system, plants, and other elements to rejuvenate the space.

A circular walkway and gazebo make it the perfect spot to relax and enjoy the fresh air, sunshine and colorful flowers.

Special thanks to Kathy Marose who has spent countless hours caring for this memorial garden. Kathy has always had a vision for

this space. With the help of our talented maintenance department, donors like you and local professionals like Pete Ruland and Mark Schwarz, it has become a truly special place.

We hope you will take the opportunity to drop by and see why "Nature is but another name for health..." (Henry David Thoreau)

# WOMEN'S NIGHT OUT RETURNS

After taking a year off, Women's Night Out, returned in the fall of 2019. Area women were invited to gather their friends and join in celebrating friendship, exploring new paths for wellness, and – most importantly discovering their passions in life.

Along with exhibitors, vendors, and raffles, those who attended heard from a women's health panel of specialists and breast cancer survivors.

The event concluded with keynote speaker, Jessica Turner (right). As a Wall Street Journal best-selling author and popular lifestyle blogger, Jessica helped women rediscover their passions all while balancing the demands of careers, motherhood, and life.

## VOLUNTEERS MAKE THE DIFFERENCE

As a small organization with numerous community initiatives and events, volunteers are needed to plan, organize, and lead the way for the foundation.

We would like to recognize our volunteers for their continued dedication to our cause. If you are interested in impacting the health of your community through the work of the foundation, please call 608-847-1495.

**Committees include:** Friends of the Foundation, Juneau County Women's Health Initiative, Nurses Helping Nurses, Carol Purvis Education Fund, Men's Night Out.

### Our valued volunteers:

Jennifer Anderson; Travis Baumgarten; Bobbi Brandt; Christine Carter; Chelsea Cook; Mary Crowley; Sue Fabian; Kari Schmidt Field; Jill Finley; Jennifer Froh; Craig Griffis; Nick Hewitt; Dr. David Hoffmann; Bobbi Jo Hora; CJ Jevens; Rhonda Larson; Nikki Levenhagen; Stan Macheichok; Kathy Marose; Nancy McCullick; Rebecca Oetzman; James O'Keefe; Dr. Mike Pech; Nancy Pech; Dr. Ryan Plamann; Marlene Rosenberg; Theresa Tremain; Molly Scully; Nora Scully; Erin Stanila; Jean Surguy; Brenda Totzke; Elaine Vanderslice; Sherise Vaassen; Linda Walker; Sue Wafle; Kim Walsh-Bethausser; Merikay Willer

## CONNECT WITH THE FOUNDATION

### Online

To stay up-to-date on foundation events and news, search "Mile Bluff Medical Center Foundation" on Facebook and like our page.

Online giving is also available on the medical center website. Using our donor portal you can make one-time gifts or recurring gifts. Visit [www.milebluff.com/make-a-difference](http://www.milebluff.com/make-a-difference) and find "Make a gift" to access the donor portal.

### Community Tours

If you or your community group is interested in learning more about Mile Bluff's history and services, as well as getting a "behind-the-scenes" look at the medical center, call 608-847-1495 to schedule a tour today! Personalized tours can highlight several service lines, including the Emergency Department, Cardiac Rehab, Med/Surg, or Infusion & Cancer Care.

## SUPPORT THE FOUNDATION THROUGH AMAZON SMILE

As you're searching through Amazon for the perfect gifts or just for your every day needs, shop through the 'Amazon Smile' Program to benefit Mile Bluff Medical Center Foundation!

AmazonSmile is a website operated by Amazon with the same products, prices, and shopping features as Amazon.com. The difference is that when you shop on AmazonSmile, the AmazonSmile Foundation will donate 0.5% of the purchase price of eligible products to the charitable organization of your choice.

Search for the link below to designate Mile Bluff Medical Center as your charity and support us every time you shop.

# EVENTS & CONTRIBUTIONS

**Caring for Our Community Program \$46,129**

Throughout 2019, Mile Bluff employees and medical staff members gave to the foundation through payroll deductions and gifts.

**One-Time Contributions \$50,000**

**Golf Outing \$22,000**

In support of local healthcare, over 100 golfers hit the greens at Castle Rock Golf Course on a perfect summer day in August. Participants had the opportunity to compete in games and raffles throughout the course, enjoy a delicious meal, and have a great time supporting local healthcare.

Save-the-date for our 10<sup>th</sup> annual Golf Outing on Thursday, August 13 at Castle Rock Golf Course. We hope to see you there!

**Bras for a Cause \$5,848**

To support 3D mammography, over 40 bras were bedazzled and entered into this unique contest. For a dollar a vote you could pick your favorite entries.

**Golf Ball Crash for Cash \$3,000**

Only 300 chances were sold in exchange for numbered golf balls that were dropped toward a target from over 50 feet in the air. The three closest balls to the target won cash prizes of \$1,500, \$1,000, and \$500.

**Ring/Purse Raffle \$1,265**

A pink Coach purse, a beautiful ring from Thayer's Jewelry, and a gift certificate to The Lodge were raffled off to support 3D mammography. A special thanks to Dr. Mike and Nancy Pech for donating the purse and ring.

**Employee Jeans Days \$1,119**

Throughout 2019, there were several occasions where Mile Bluff employees could wear jeans to work when they donated to the foundation. Of the amount raised, \$809 went to 3D mammography.

**Bake Sale \$422**

The Carol Purvis Education Fund Committee held a bake sale to support scholarships for Mile Bluff employees.

## NURSES HELPING NURSES EVENTS

**Dueling Pianos \$3,729**

With entertainment provided by Piano Fondue, this all-request variety show featured two "dueling" musicians. They played a variety of musical styles that entertained. The event was held at the Wintergreen Resort in Wisconsin Dells.

**Hosta Walk & Quilt Show \$1,941**

Nurses Helping Nurses were on hand for a plant sale and quilt show at Uniquely Hostas in Elroy. Thanks to all the KTY-JUN Quilt Guild members who shared their art. A special thanks to Marlene and Jonathan and Uniquely Hostas for donating a portion of their sales. Another hosta walk is being planned for June 19 at Uniquely Hostas.

Team "Mosquito Squad" won first place at the 2019 Golf Outing

The hostas were in their bright green glory at the 2019 Hosta Walk.

New Lisbon High School's volleyball team raised funds to support 3D mammography

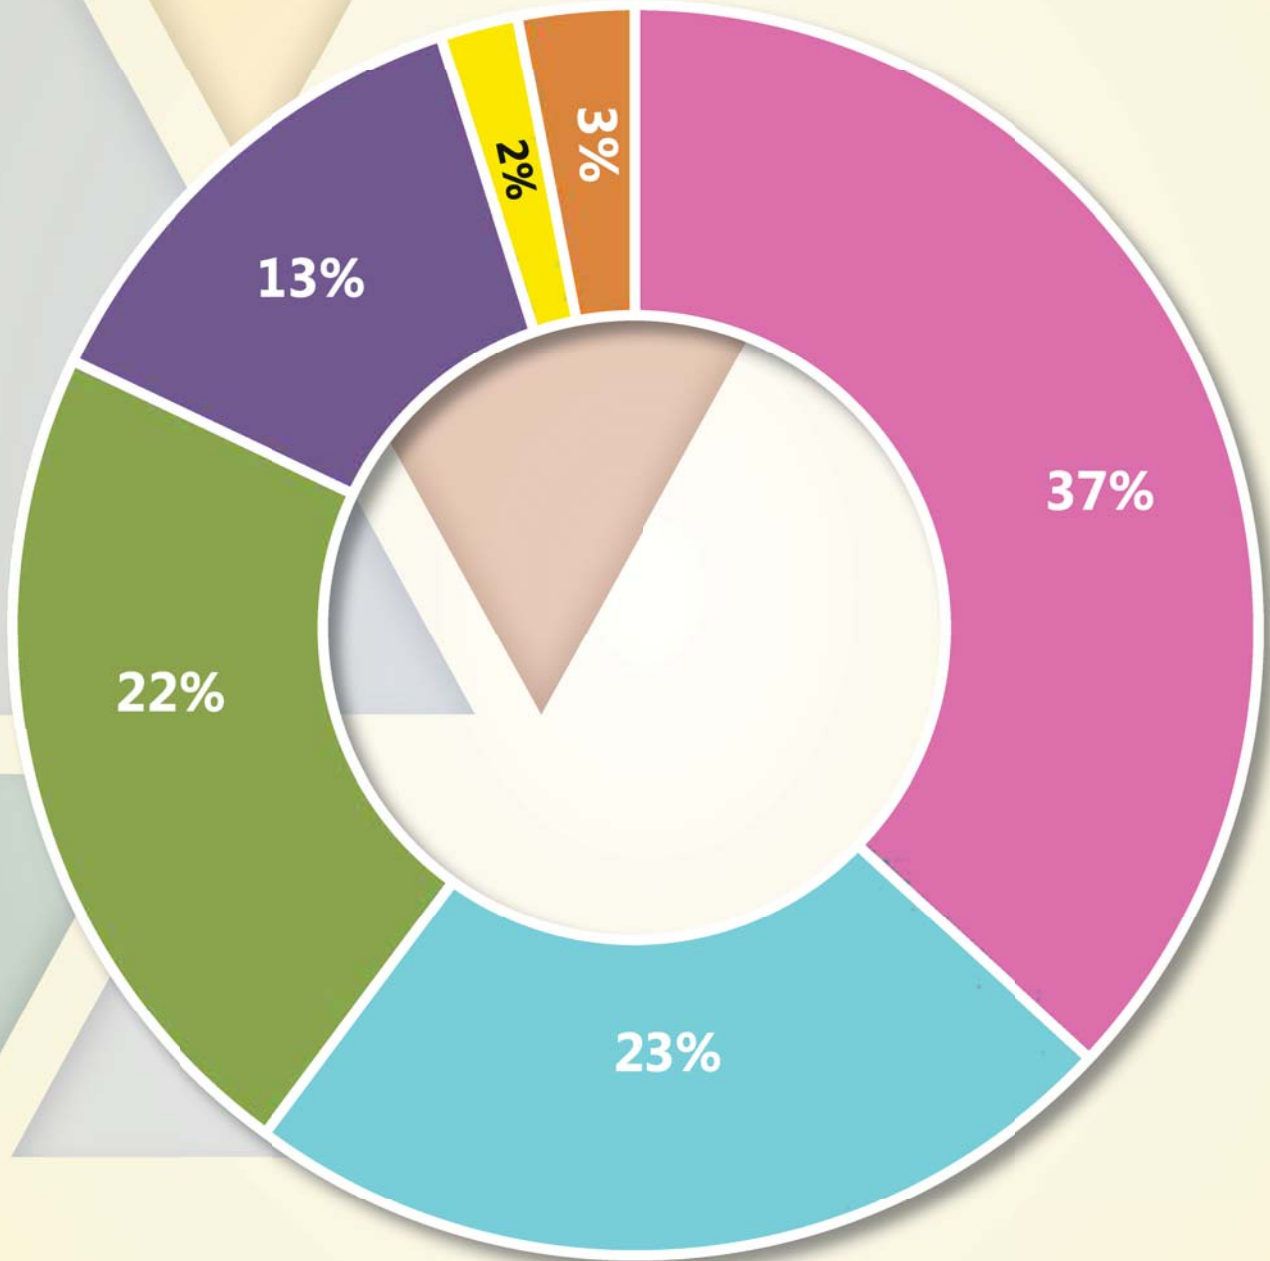

# 2019 FINANCIAL REPORT

BANK BALANCE (Including restricted and un-restricted funds)

**Starting balance:** \$229,543 (January 1, 2019)

**Ending balance:** \$290,725.94 (December 31, 2019)

## FUNDRAISING & CONTRIBUTIONS AT A GLANCE

# APPROVED EQUIPMENT PURCHASES

<b>Spider 2 shoulder positioner</b>	<b>\$18,687</b>	<b>Kangaroo recliner</b>	<b>\$4,235</b>
<b>Awarded Department: Surgery</b> This equipment allows for extremely accurate shoulder/arm positioning during orthopedic surgery. The positioner also helps reduce discomfort and promotes a quicker recovery in patients.		<b>Awarded Department: Infusion &amp; Cancer Care</b> For patients undergoing infusion or chemotherapy treatment, this recliner will provide a comfortable place to receive care.	
<b>Medical cart workstations (2)</b>	<b>\$7,525</b>	<b>RealCare geriatric simulator</b>	<b>\$3,555</b>
<b>Awarded Department: Fair View</b> Workstations allow nursing staff members to transport their computers throughout the facility. These carts are for charting within resident rooms, and will aid in simple medication distribution.		<b>Awarded Department: Education</b> This simulator is a wearable age suit that staff can use to experience a variety of age-related physical challenges.	
<b>Isotour turn-assist mattress and pump</b>	<b>\$7,500</b>	<b>Kwalu Valdina easy-access chair</b>	<b>\$3,400</b>
<b>Awarded Department: Medical/Surgical</b> At times, there are patients in the inpatient setting who have a hard time turning in bed. This specialized mattress will help staff members to safely turn those patients, which will help to reduce the risk of pressure injuries.		<b>Awarded Department: Medical/Surgical</b> Hip replacement patients will use this chair when in the inpatient setting. The chair allows them to sit without bending at the hip.	
<b>Kwalu Valentia Gliders (3)</b>	<b>\$6,586</b>	<b>Scale</b>	<b>\$1,751</b>
<b>Awarded Department: Obstetrics</b> Patients requested new rockers for the OB suites. These new gliders are ideal for breastfeeding, and provide mothers with a comfortable spot to bond with baby.		<b>Awarded Department: Infusion &amp; Cancer Care</b> Accurate and updated weights are an important part of an appropriate assessment for infusion and chemotherapy patients. This scale will help provide staff members with the equipment they need, when they need it, to follow best practices to care for patients in the department.	
<b>Accuvein illuminator &amp; stand</b>	<b>\$6,120</b>	<b>Huntleigh super doppler</b>	<b>\$1,469</b>
<b>Awarded Department: Medical Imaging</b> The illuminator will assist in finding the veins of medical imaging patients. The more IV attempts a patient undergoes (whether successful or unsuccessful) the higher the risk for developing scar tissue, which also eventually makes IV starts more difficult overall.		<b>Awarded Department: Fair View</b> This handheld doppler machine allows for earlier and more sensitive detection of complications related to diabetes/vascular issues, blood clots, and decreased circulation.	
<b>Noelle OB simulator</b>	<b>\$4,300</b>	<b>Seca 769 digital Scale</b>	<b>\$342</b>
<b>Awarded Department: Education</b> This automated manikin is used to simulate delivery and emergency situations during childbirth. Mile Bluff nurses and doctors, local EMTs, and other healthcare providers will utilize this equipment.		<b>Awarded Department: Obstetrics</b> This scale will be dedicated solely for use in the OB Department. It will help the staff keep up-to-date on best practices for new moms.	

**Dr. Rick Rilling, orthopedic surgeon, and the surgery team prepare the Spider shoulder positioner for their shoulder surgery patient.**

**Nikki Levenhagen (left) and Stephanie Kopenhafer (right) were both recipients of Carol Purvis Memorial Scholarships. These Human Resources team members are both pursuing higher degrees.**

**Nolle, the OB Simulator, and her babies have been great additions to the Obstetrics team. The little family has been helping nurses, EMTs, medical staff and other team members train for emergency situations during childbirth.**

## WORDS OF THANKS FROM SCHOLARSHIP RECIPIENTS

"I have found my passion in research and resolution of claim denials to not only be challenging but also rewarding when I am able to make a difference in the outcome of financial responsibility for patients in our community. It is my goal for patients in our community to think of Mile Bluff as their first choice for healthcare needs. Mile Bluff encourages employees to further their career goals and I am excited to pursue this certification and bring back knowledge in this area."

-Laurie Manthe, Revenue Cycle Manager

"Mile Bluff is an amazing place to work. We are constantly making improvements. It truly is a privilege to be a part of something so extraordinary. [Participating in the Advanced Leadership Program] will be an invaluable experience and help me to advance my leadership skills... and give me direction to help patients when they need additional community resources."

-Samantha Hoffmann, RN

"The more I continue to counsel individuals with diabetes, the greater my desire becomes to learn more in-depth specifics of the disease progress. My drive to become a more skilled dietitian is strong, yet, limited finances does pose a barrier to achieving these goals. Additional financial support is greatly appreciated as I pursue my career advancement for the good of this rural organization I feel like my journey with Mile Bluff has just begun and I look forward to contributing exceptional care to the community which this organization serves."

-Laura Covelli, Registered Dietitian Nutritionist

"I would maintain that thanks are the highest form of thought, and that gratitude is happiness doubled by wonder."

-Gilbert K. Chesterton
